Scatter Wild Symbol

- Substitutes for any symbol.

- 3 or more Scatter Wilds landing anywhere on the panel will trigger the free spins bonus feature.
- Scatter wins and payline wins are added.

El Dorado Fortune Wheel

- Randomly, at the end of any spin, all instances of a selected low-paying symbol can be replaced by a high-paying, scatter wild symbol.

El Dorado Cascade Spins

- Randomly, at the end of any winning spin, all symbols involved in winning lines are removed from view and the symbols above them cascade down.
- This can prompt new wins.
- It can also trigger free spins if the cascading symbols contain one or more Scatter Wilds and if any single cascading spin panel contains 3 or more Scatter Wilds.
- Only occurs during the base game.

Free Spins

- Before the free spins start, one of the nine regular symbols is selected to be the special symbol.
- The reels spin as normal and then, when the pay lines have been evaluated, if sufficient special symbols are visible, each one will expand vertically to cover their entire reel and then be evaluated as line scatters and paid for the selected special symbol. 'Sufficient special symbols' means two or more (if the special symbol is high-paying), or three or more (if the special symbol is low-paying).
- Free spins can re-trigger. On any free spin, three or more scattered Scatter Wild symbols will extend the free spin sequence by a further six free spins.
- The cash win for sufficient Scatter Wild symbols is also paid during free spins.
- If free spins retrigger, then an additional different special symbol will be selected. Up to three special symbols can be selected.
- If two or more special symbols are triggered in a single free spin session, they expand and are evaluated as line scatters separately, one after another.
