# Valhöll Help

## Game Description

### General Information

- Valhöll is a video slot which has 6 reels, 4 rows and 30 paylines.
- The game is played with fixed paylines, the TOTAL BET consists of LINE BET multiplied by 30.
- The theoretical RTP for this game is 95.8%.

### Symbols

- There are 10 symbols in the game, comprising 4 high-paying, 5 low-paying and a Wild symbol.
- Wild symbol substitutes any paying symbol in the winning combination.

## Feature Selector

- After the bet is placed, the two HAMMERS above the reels move to a random positions and pick the feature for the round.
- Possible features are the following:
  - If both HAMMERS land on the same position, the Expanding Wild Pattern feature is triggered;
  - If HAMMERS land on consecutive positions (e.g. over on reels 1 and 2), the Merged Reel feature is triggered;
  - If HAMMERS land on two corners (over reels 1 and 6), the Free Spins are triggered;
  - For all other positions, a regular spin is played.
- The bet is subtracted from the balance only for the FEATURE SELECTOR action, all the consecutive spins during the triggered features don't require additional bets.

## **Payouts**

- Wins are paid based on combinations of identical symbols and wilds on a payline.
- Winning combinations start from the leftmost reel and the symbols must be consecutive along a payline.
- Wins are multiplied by the Line Bet.
- Only the highest win pays on each payline.
- Coinciding wins on different paylines are added together.

## **Expanding Wild Pattern**

- The EXPANDING WILD PATTERN feature is triggered by both HAMMERS landing over the same reel. All 6 reels may have the feature on them.
- Three spins are played during the feature:
  - On the first spin, the EXPANDING WILD appears covering the reel over which the HAMMERS have landed, it stays in place until the end of the feature;
  - On the second spin, two additional STICKY WILDS are added on reel(s) adjacent to the reel with EXPANDING WILD;
  - On the third spin, two more STICKY WILDS are added on reel(s) one reel apart from the reels with EXPANDING WILD;

## Merged Reel

- The MERGED REEL feature is triggered by both HAMMERS landing on the adjacent reels. The feature may be played on reels 1&2, 2&3, 3&4, 4&5 or 5&6.
- During the feature, the two reels are being replaced by one HUGE reel, consisting of symbols sized 2x2 compared to regular symbols in game.
- For line payout calculations, each 2x2 symbol is treated as 4 separate symbols located on 2 reels. E.g., if a line crosses the HUGE reel with a Thor symbol and there's another Thor symbol on a reel next to it on the same line, it triggers the 3xThor payout.

## Free Spins

- The HAMMERS landing over reels 1 and 6 trigger 10 FREE SPINS.
- During the FREE SPINS, reels 2, 3, 4 and 5 expand to have 5 rows each and 10 extra lines are brought into play. Same Line Bet is used to calculate wins on the additional lines.
- The FREE SPINS are played with stacked 4x1 symbols on the reels. The stacks of 4 GODS SYMBOLS are represented as one long symbol which is treated as 4 separate symbols for line payout calculations.
- During the FREE SPINS the reels spin automatically with the same line bet as the spin that won the FREE SPINS.
- During the FREE SPINS, it is not possible to re-trigger FREE SPINS or trigger other features (EXPANDING WILD PATTERN or MERGED REELS).
- The bets are not subtracted from your balance during the FREE SPINS.

## Gamble

- If the game round (feature selection + one or more spins) finished with a win, the player has the opportunity to gamble to increase his winning.
- The gamble is based on the card suits, and player has two options:
  - Gamble on the suit color (Red or Black) for a chance to win 2X the amount with 50% chance to win.
  - Gamble on the specific suit - Heart (Red), Diamond (Red), Spades (Black) or Clubs (Black) - for a chance to win 4X the amount with 25% chance to win.
- In any of the options, Gamble feature RTP is 100%, the probability of each of possible 4 outcomes is equal.
- There are the following limits for the Gamble:
  - Maximum of 4 gambles in a row is allowed.
  - The gamble is only allowed if current win doesn't exceed 100 X total bet placed to start the spin round before the gamble. This applies for any of the gambles in the sequence.
- At the top of the Gamble screen, you can see the history of the last 4 cards drawn for the current gamble game.

## **How To Play**

### **Play Mode and Balance**

- The game can be played in either FUN or REAL mode.
- In fun mode, you are playing just for fun with play money. In real mode, you are playing with real money from your balance.
- Your balance is shown in the BALANCE box both in fun and real mode.

### **Placing Bets**

- This game is played with a fixed number of active paylines. Your total bet per game round consists of a line bet multiplied by the number of active paylines.
- To set the bet amount, use the “-“ and “+” buttons.
- Press SPIN button to start a game round at the current bet value.
- Press on SPACE bar button also starts a game round.
- After the bet is placed, the FEATURE SELECTOR is activated first to determine the feature for the round.

## **Auto Spins Mode**

- To select the number of AUTO SPINS, click the AUTO button. Select UNTIL FEATURE to spin until a feature is triggered.
- You can stop the AUTO SPINS earlier by clicking the STOP button.
- The STOP button shows the number of remaining spins. When the UNTIL FEATURE option has been selected, it shows the “∞” symbol.
- The LOSS LIMIT value is mandatory, the AUTO SPINS will stop after your balance decreases by selected amount.
- If WIN LIMIT value is selected, the AUTO SPINS will stop after your balance increases by selected amount.
- If SINGLE WIN LIMIT value is selected, the AUTO SPINS will if you win more than the selected amount in the single game round.

## **Turbo Mode**

- By clicking TURBO button, you switch Turbo Mode on or off. When Turbo Mode is on, some win animations and sounds are skipped and the reels spin faster.

## **Disconnections and Malfunctions**

- If you are disconnected from the Internet during the REAL game, log in to the casino again. Once you have reopened the game, you will be able to continue your game from the point where you got disconnected.
- **Any malfunction voids all pays and plays.**
