

GAME RULES

ABOUT THE GAME

- Queen of Egypt Exotic Wilds is a 5 reel by 3 row, 243 'ways pays' video slot featuring Exotic Wilds frequently occurring and rewarding different multipliers each spin.
- At the end of each spin, every Exotic Wild that lands on the reels will expand the entire reel and have a random multiplier assigned from 2x to 7x. Exotic Wilds only count as 1 way per reel. If more than one exotic wild land on the screen during the same spin, wins that include multiple Exotic Wilds take the sum of all the Exotic Multipliers included in the spin.
- The actual payout equals the sum of the dynamic payable values corresponding to each win way won. Simultaneous or coinciding wins are added. Scatter Wins, if any, are added to Way wins.

- Each Special symbol awards an extra free spin and increases the multiplier amounts of the Exotic Wilds from 1 to 3. An increase is done by adding the random amount chosen (from 1 to 3) to the multipliers that lands. For example, if the multiplier range is increased by 3, then instead of having a range of 2x to 7x the new range for future exotic wilds will be 5x to 10x as the multiplier awarded is increased by 3, resulting in a worst case of $2+3 = 5x$ or best case of $7+3 = 10x$.
- The increased multiplier on the "Exotic Wilds" apply to all wilds for all remaining free spins, including the spin that the Special Symbol has landed. As more Special Symbol land during free spins the Exotic Wild multipliers will continue to increase further by always adding the sum of all the multiplier increases from the Special Symbols.
