GameID: SiberianLynx, SiberianLynx88

Release Date: February 08, 2022

Siberian Lynx is a 5x4 slot with 1024 ways to win, featuring wild symbols on reels 2 and 4, and free spins with wild multipliers that can multiply wins by up to 15X.

The core feature is free spins which occur any time 3 or more FLOWER symbols appear in any position on adjacent reels starting with the leftmost reel. When free spins are triggered, player wins from 5X to 50X bet depending on the number of triggering symbols and 12 free spins. During free spins, any WILD symbol on reel 2 pays 3X normal wins and any WILD symbol on reel 4 pays 5X normal wins. If both WILD symbols substitute to make a winning combination, they pay 15X normal wins! In addition, if one or more WILD appear during free spins and don't create a winning combination, those WILD symbols are held and the remaining reels spin again one time to provide a second chance to make a big winner.
