

GAME INFO

Game Name: Armadillo Goes West

GameID: ArmadilloGoesWest

Release Date: 27th April 2022

The Armadillo Studios mascot makes his debut in this adventurous Armadillo Goes West title. Geared up with a pistol, cigar, his stylish sombrero, and a good sense of humour, our Armadillo Studios Mascot is ready to take on all the bounties to help you reap the rewards. During any spin during the game the Armadillo can start shooting symbols to give you more wilds, or summoning giant symbols to rip through the reels, randomly award multiplier etc, as well as fun features after the spin, randomly stick cash prizes in your wallet, upgrading symbols, or repeating the win you got again and again for free. Players that want more Armadillo feature action can make an additional ante bet, and the free games have the Armadillo busy putting these features on overdrive every spin.

3 wagon symbols triggers a truly adventurous board game like experience where the Armadillo travels through spaces by moving 1 to 6 spaces per turn as shown with the number of bullets loaded. Collect coins to win money, hearts to survive longer, and special power ups like 2x all awards, award all nearby coins, and a lightning roll where all coins he passes by are collected, not just the space he lands on. Avoid snakes, travel further with 2x distance power up, and do your best to make it to the end for an additional 2000x bet bounty prize, or double if you collected the 2x all awards power up

during your journey. For players whom prefer to spend more time with the board game experience than chasing the bonus through the slot, the buy bonus option is available to jump right in.
