GameID: KnightsOfFortune

Release Date: 20th May 2021

Knights Crusade is a high volatility, 5X3 videoslot with a 'ways pays' mechanic, cascading wins and a maximum win of over 9,195x.

Sharpen your sword, ready your horse, and polish off your armour, it's time to do medieval battle in the quest for honour, glory and massive rewards!

Every winning spin triggers a follow-on cascading re-spin, with unlimited sequences – win in the re-spin, and trigger yet another. The only question – how many will you get?

Every spin in **Knights Crusade** builds towards what could be an epic free spins experience.

- Wilds are collected in a visual meter, building up a store of wilds to return to the panel during free spins.
- Any winning high-paying symbols increment another meter, building a win multiplier that will be applied to all free spins.

The free spins feature is triggered once 40 special golden low-paying symbols have been collected.
