ABOUT THE GAME

Hot Hot Honey! Rollover Respins is a 3-row by 5-reel all scatters game featuring respins and increasing multiplier reel incrementors.

- The actual payout equals the sum of the dynamic paytable values corresponding to each symbol won.
- Simultaneous or coinciding wins are added.

Scatter Pays

- When 5 or more of the same symbols land on a single spin, they will stick and activate the symbol counter below.
- The counter keeps track of how many of each symbol have been transformed into sticky honey.
- It is possible to activate multiple counters if 5 of two different symbols land anywhere on the reels on the same spin.
- Additional symbols can also be activated by landing 5 of the same non-activated symbol on any respin.
- When at least one more activated symbol lands on a respin, the counter is incremented and non-sticky symbol positions respin.
- If no more symbols stick after a respin, all pays are evaluated based on the number of sticky symbols counted.
- Multipliers increase by:
  - +2 for each full column of 3 of the same female bees.
  - +1 for each full column of any other sticky symbol(s).
- Columns shift over to make space for new columns replacing the full ones.

If any replacement column contains a symbol matching any of the activated sticky symbols, those symbols will also stick, increasing the corresponding symbol counters and continuing respins.

- Respins continue to get more sticky symbols.
- Full sticky columns increase multipliers up to 100x maximum.
- The multiplier does not apply to the trail bonus, prizepots, or free spin awards, but does apply to the bonus pays.
- Only non-sticky positions are considered during respins.

Non-Sticky Award Symbols

- During the base game and respins, prizepot scatter symbols accumulate.
- A prizepot is awarded if, through respins, 10 or more prizepot symbols land in total.
- Prizepot tiers:
    - Mini Prizepot – 10 symbols
    - Minor Prizepot – 20 symbols
    - Major Prizepot – 30 symbols
    - Mega Prizepot – 40 symbols
- Landing more than 40 prizepot symbols has no effect other than awarding the Mega Prizepot.
- Only the highest prizepot is awarded if 20 or more prizepot symbols land.
- Prizepot collection resets to zero after each paid spin.

Free Spin and Bonus Symbols

- Free spins and bonus symbols accumulate and are awarded.

- The Trail Bonus is awarded if at least 3 bonus symbols are accumulated.
- Additional credits are awarded for each additional bonus symbol beyond 3.
- Free spins are awarded if at least 3 free spin symbols are accumulated.
- The number of free spins equals the number of accumulated symbols.
  - Example: 3 Free Spins symbols = 3 Free Spins, plus +1 extra Free Spin for each additional Free Spin symbol collected.
- Free Spins and Bonus can be awarded on the same spin, in which case Free Spins play first, followed by the Bonus.

Trail Bonus

- During the Trail Bonus, the player spins repeatedly, moving 1-6 petals forward on the board.
- The player lands on spaces, winning either the prize award on the space or a feature.
- Possible Trail Bonus Features:
  - Flower Prize Spaces – Awards between 1x and 20x.
  - Go Back Bee – Moves the player 1-6 spaces backward instead of forward.
  - Mystery Prize – Awards a random prize between 50x and 500x the player's bet. (Only in Buy Bonus options 2 and 3.)
  - Heart – Grants +1 extra heart to protect against Ninja Spiders. (Only in Buy Bonus options 2 and 3.)
  - Ninja Spider – Ends the bonus unless the player has hearts left, in which case 1 heart is lost.
  - Super Wings – Moves twice the number shown (from 2-12 spaces), winning every prize passed through. (Only in Buy Bonus options 2 and 3.)
  - Grand Prizepot – At the end of the Trail Bonus, awards 1000x on top of all collected prizes if the player reaches the final space without being killed by Ninja Spiders.

Free Spins

- Triggered by landing 3 or more Free Spins symbols.
- The player is awarded Free Spins equal to the number of Free Spin symbols collected.
- Before starting, the player selects one of 15 boxes to reveal a symbol.
- The revealed symbol has a higher chance of landing and locking for more respins.
- Prizepot progress and multipliers do not reset during Free Spins.
- A maximum of one prizepot is awarded at the end of Free Spins.
- Free Spins and Bonus Games play at the triggering bet.
