

1849 Gold Bonanza Game Rules

1849 Gold Bonanza is a 5 reel by 3 rows 20 lines videoslot featuring symbol multipliers and a free spins bonus with increasing multiplier and extra free spins via wild whiskey collections

[Wild] substitutes for all symbols except for the free spins [Free Spins] and the scatter prize amounts in the free spins. Wild does not substitute for the Golden Nugget symbol in the base game nor in the free spins.

The actual payouts equals the sum of the dynamic payable values corresponding to each line won. Simultaneous or coinciding line wins as well as scatter wins, if any, are added.

Wild Transformation Feature

- Each spin the saloon doors above the reels may completely open to spin a hidden reel which will spin and reveal a random symbol
- After the reel behind the saloon doors spins, all symbols on the screen that match the symbol displayed above are transformed to [Wild].
- Line wins and golden nugget cash prizes are evaluated after the feature occurs
- Each [wild], if any, will collect the cash prizes displayed on each [Golden Nugget] symbols on the reels, if any.
- [Wild] and [Free Spin] are never displayed as the random symbol above the reels

Free Spins

- During the base game, landing 3, 4, or 5 [Free Spins] triggers the free spins with 10, 15 or 20 free spins respectively
- A meter of empty whiskey glasses appears above the reels
- Each [Wild] symbol that lands on the reels fills up a whiskey glass
- Filling up more whiskey glasses awards more free spins and a higher game multiplier
 - Filling 3 whiskey glasses awards +5 free spins and a 3x multiplier
 - Filling 7 whiskey glasses awards +5 free spins and a 5x multiplier
 - Filling 11 whiskey glasses awards +5 free spins and a 20x multiplier

After 11 or more [Wild] have landed and all whiskey glasses are full, no more extra free spins or extra multiplier increases can be awarded.

Free Spins cannot be retrIGGERED as there are not any [Free Spins] symbols on the reels during the free spins.

Multipliers awarded are applied to the spin they have been awarded on and all future free spins remaining. Free spins are played at the same bet level and number of lines as the triggering base game spin.

Golden Nugget Cash Prizes

- During the base game and the free spins, [Golden Nugget] symbols are cash prizes. If at least one [Wild] symbol and at least one [Golden Nugget] symbol lands on the reels on the same spin, each Wild symbol collects each Golden Nugget scatter prize amount, awarding the sum of all the collected scatter prizes
- During the base game the cash prize payout range for each [Golden Nugget] is from 2 to 500 times stake

- During the free spins the cash prize payout range depends on the number of whiskeys collected as the multiplier increases the initial range of 2 to 500 times stake at the beginning of the free spins up to 40 to 10,000 times stake when the 20x multiplier is reached. The amounts increase with each multiplier milestone because the number displayed on each [Golden Nugget] shows the cash prize amount already multiplied by the global multiplier. In other words, during the free spins, if a multiplier amount of 3x 5x or 20x has been reached, the scatter cash prizes on the reels is also pre multiplied in addition to any line wins.

Buy Free Spins

Free Spins can be purchased anytime during the base game by clicking on “Buy Free Spins” option.

It costs 80x the total current bet.

Buy Feature may not be available on all markets.

RTP

The theoretical Return to player for the game is 94.07%
