## Bonus game

In the bonus game, you get 3 spins. Each time you land a new symbol, the number of spins goes back to 3.

When coins fill out the entire reel, they get removed and pay out their values multiplied by the multiplier of that reel. At the end of the Bonus Game, all coins in the play area pay out their values without applying any multiplier.

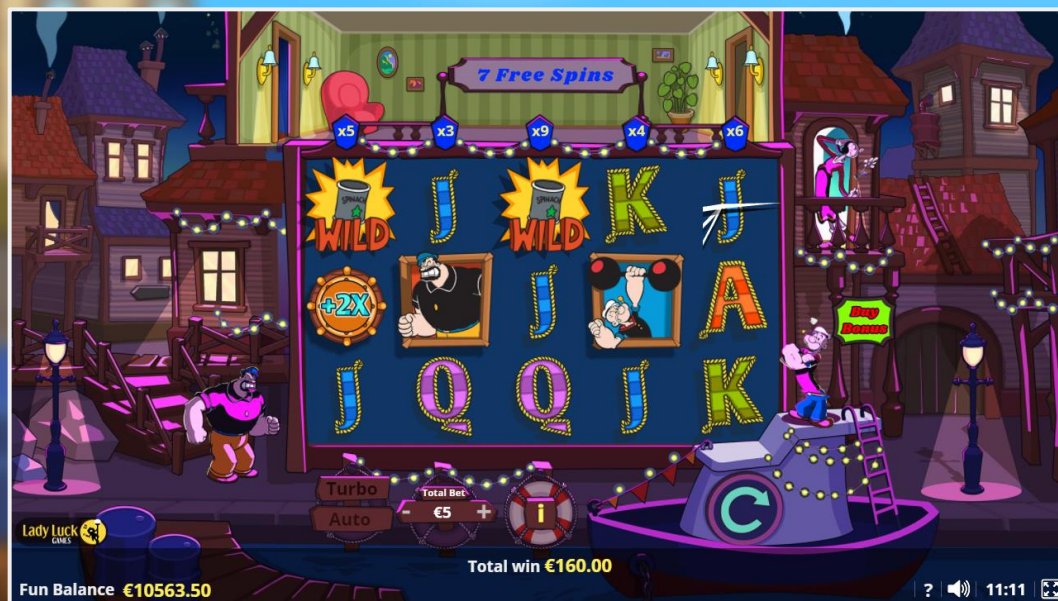

## Free Spins

3 Free Spins symbols trigger Free Spins. Free Spins symbols only appear on reels 1, 3 and 5.

Spin the bottle to see the number of Free Spins awarded.

## Wilds

Wild symbol substitutes for all symbols to complete winning combinations. Wilds do not substitute for Free Spins, Bonus, or multiplier increase symbols.

## Multiplier

Wilds gain the multiplier from the reel where they land.

## Steering wheel

The steering wheel symbol increases the multiplier on the reel where it lands.

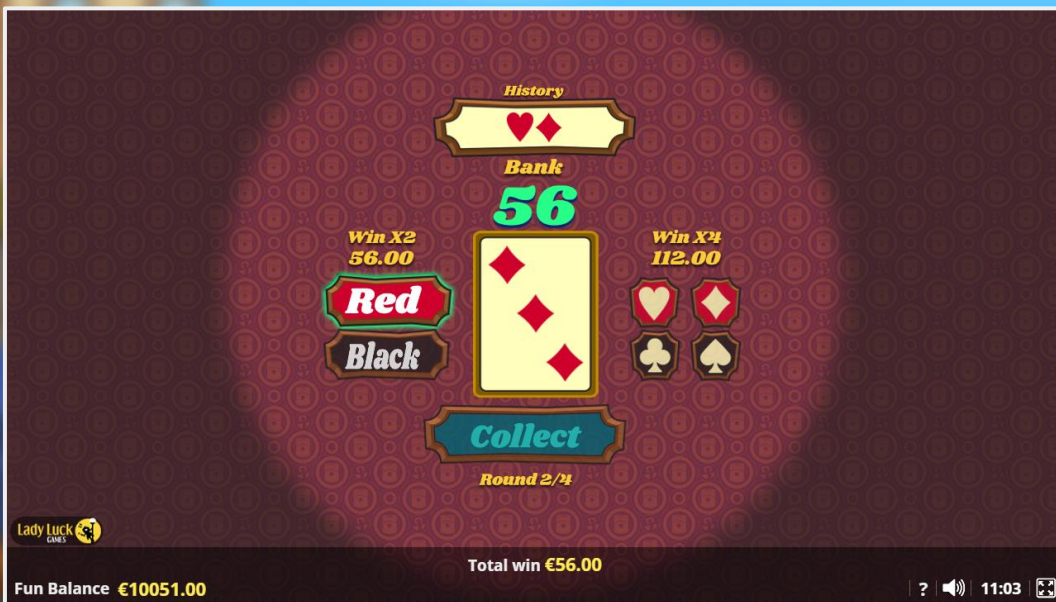

## Coins

When Coins land, they have a chance to flip and create a new coin. In Free Spins they always flip.

5 or more Coins on the play area in either the base game or Free Spins trigger the Bonus game.

## Gamble

You can have the opportunity to risk it all and gamble to increase your wins.

Choose between betting on red or black to double your win or go for the card suit bet to increase your win four times.

## Localization

There's no doubting that Popeye is a truly iconic title that will put a smile on player's faces across the globe.

This slot is close to our hearts as Popeye enjoyed great prominence all over the world, locally appearing as Karl-Alfred, Kippari Kalle Skipper Skræk and Braccio di Ferro in Sweden, Finland, Denmark and Italy respectively, so of course, without a doubt, we had to localize it for everyone to enjoy.
