ROLLOVER RESPINS

Respins

Any time a Wild Genie lands as part of a win with 5 or more of the same symbol on the reels, they stick, activating respins on all non sticky symbol positions. Land at least one more of the activated symbol(s) to keep the respins going.

Rollovers

Stick full columns to rollover reels, eliminating each full reel to create space for new reels to appear.

Reel Rollovers occur after a respin doesn't create any extra sticking symbols, giving a second chance to players for more sticks on extra symbol positions. If at least one more activated symbol appears on a new reel, it sticks and the respins continue

Each Reel Rollover increases the multiplier!

MULTIPLE STICKY SYMBOL ACTIVATIONS

Land 5 or more of a same second symbol on initial spin with Lamp or any respin to create double activated respins.

Double Sticky symbols creates huge win potential moments as only one activated symbol needs to stick to keep the respins going!

Triple activated symbols or more are also possible in the base and free spins.

GENIE'S MAGIC MULTIPLIERS

Magic Lamp Multiplier

A full sticky column of 3 high symbols, Aladdin, the Princess, or the Sorcerer adds +3x to the Magic Lamp Multiplier.

A full sticky column of 3 animals, Tigers or Monkeys, adds +2x to the multiplier hive.

A full sticky column of any other symbols without a Wild Lamp adds +1x to the multiplier Hive.

GENIE'S MAGIC MULTIPLIERS

Genie Wild: The Rollover Respins feature will always have at least one sticky Wild Lamp on the reels. A full sticky column of any symbols containing at least one Genie Wild will create a full reel Genie.

A full reel Genie will randomly multiply the multiplier by 2x or 3x. During a Rollover, full reel Genie multipliers are the last to rollover in order to create the highest multiplier possible with each rollover.

FREE SPINS

How to trigger?

Free Spin symbols appear in the base game initial spin and on respins. Each free spin symbol that lands increments the meter above. Getting 3 or more free spins increments the meter to trigger the first threshold of free spins. Land more free spins as the respins continue for a higher number of free spins and exponentially more win potential.

FREE SPINS

How it enhances gameplay and win potential?

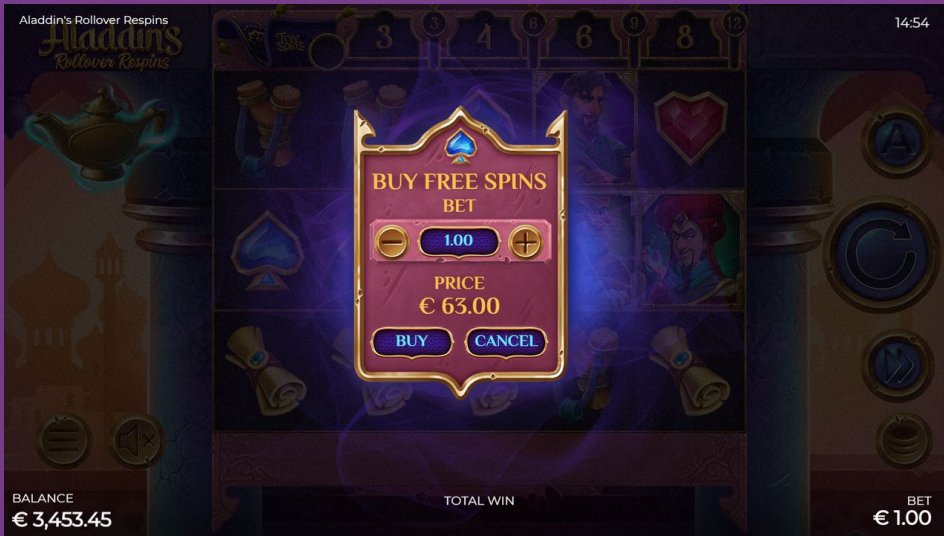

Pick a magic box to reveal your super symbol. The Super symbol only needs to have 3 or more on the reels for easier Rollover Respin triggers and retriggers.

No Lamp needed to trigger Rollover Respins during the Free Spins Magic Multiplier does not reset for the entire duration of the free spins.

The multiplier continues to grow larger as the free spins progresses.

BUY BONUS & TURBO MODE

Buy Bonus

Buy the free spins and jump straight into the bonus, perfect for exploring all three free spin experiences in a limited time

Turbo Mode

Play at faster speeds with less repetitive animations and disruptions
