COOKIE BONANZA

Cookie Bonanza is a 6x5 layout that “pays anywhere” videoslot featuring cascading reels, Free Spins, Golden Bet option to increase the chance of having Free Spins and Buy Bonus options. Landing total number of matching symbols anywhere on the reels for each spin reates a win according to the paytable for each symbol. The actual payout equals the sum of the dynamic paytable values corresponding to each line won. Simultaneous or coinciding wins are added together. Game plays on total bet.

TUMBLING WINNINGS

During the base game, cascading reels are active so that all winning symbols are removed from the reels after each win paid out to create spaces for new symbols to land. This can lead to have more combos and more payouts.

FREE SPINS

Landing 4 or more Scatter symbols during the base game awards 10 Free Spins.

During free spins, cascading reels feature is active as in the base game. Additionally, Cookie Jar symbol multiplier symbols may land anywhere on the reels. Once landed, all multiplier symbols will be summed up at that spin and the total Tumbling win will be multiplied with the summation of multiplier symbols on that spin. A Cookie Jar symbol multiplier symbol can have at most x100 multiplier in one spin. Cookie Jar symbol multiplier symbols will be removed at the end of the cascade.

Landing 3 Scatter symbols during Free Spins awards additional 5 Free Spins.

SUPER FREE SPINS

Super Free Spins can be triggered by landing 4 or more Scatter symbols while the Golden Bet is active. Buy Bonus is another option to trigger Super Free Spins during the base game awarding 10 Super Free Spins as well.

Once triggered, Cookie Wrap symbol persistent multiplier symbols may appear during Super Free Spins in addition to Cookie Jar multiplier symbols. In a winning cascade, once a Cookie Wrap symbol persistent multiplier symbol lands on the reels, it remains sticky for the rest of Super Free Spins. When more Cookie Wrap symbol persistent multiplier symbols land on the reels in a winning cascade, multipliers on those symbols summed up and becomes a global multiplier for that Super Free Spins round. Landing each Cookie Wrap symbol in a winning cascade increases the global multiplier. At the end of each tumbling sequences, the total win is multiplied by the global multiplier for that cascade and all landed Cookie Wrap symbols in a winning cascade become sticky for the remaining Super Free Spins. A Cookie Wrap multiplier symbol can have at most x100 multiplier in one spin.

Landing 3 Scatter symbols during Free Spins awards additional 5 Free Spins.
