Golden Nugget Cash Prizes

Features:

- During the base game and the free spins,  symbols are cash prizes. If at least one  symbol and at least one  symbol lands on the reels on the same spin, each Wild symbol collects each Golden Nugget scatter prize amount, awarding the sum of all the collected scatter prizes.
- During the base game the cash prize payout range for each  is from 2 to 500 times stake.
- During the free spins the cash prize payout range depends on the number of whiskeys collected as the multiplier increases the initial range of 2 to 500 times stake at the beginning of the free spins up to 40 to 10,000 times stake when the 20x multiplier is reached. The amounts increase with each multiplier milestone because the number displayed on each  shows the cash prize amount already multiplied by the global multiplier. In other words, during the free spins, if a multiplier amount of 3x 5x or 20x has been reached, the scatter cash prizes on the reels is also pre multiplied in addition to any line wins.

Free Spins can be purchased anytime during the base game by clicking on the “Buy Free Spins” option. It costs 80x the total current bet.
