## MYSTERY WALKING WILD

When lands on the first reel, it moves one reel on the same row to the right by acting as a Wild during the walk.

## PRINCE WALKING WILD

When lands on the first reel, it moves one reel on the same row to the left by acting as a Wild during the walk.

## WALKING WILD RESPINS

During the game, once a Mystery Walking Wild or the Prince Walking Wild symbols land on the reels, the Walking Wild Respins triggered.

Respins last until the last Wild symbol exits the screens.

More Wilds can land on the reels during Walking Wild Respins.

## EXPANDING WILDS

During Walking Wild Respins, when Mystery Walking Wild and the Prince Walking Wild symbols meet at the same position, one of the following possibilities occurs:

- Expanded Wild with x2 multiplier
- Expanded Wild with x3 multiplier
- Celinderella Expanded Wild with x4 multiplier and triggers Free Spins at the end of the Respins.

Afterwards, their multipliers are collected through the 'Global Multiplier' and all the winnings will be multiplied by the global multiplier until the end of that Respins round.

Expanded Wilds can occur on reels 2, 3 and 4 during the game. In the base game, all Expanded Wild symbols occur by 3x1 dimension, and they will be removed in the next spin.

## EXPANDING WILDS

In the base game Expanded Wild symbols will be removed in the next spin.

Once 2 Mystery Walking Wild and the Prince Walking Wild symbols meet at the same position, the result will automatically be 'Celinderella', Expanded Wild with x8 multiplier.

And the result of 3 of them meeting at the same time and position will be 'double Celinderella', Expanded Wild with x16 multiplier and 16 Free Spins triggered at the end of the Respins.

During the game, if any of walking Wilds comes across with an expanded Wild at the same position, it will be represented with Golden Frame and stays behind the expanded Wild for that spin. In the next spin, it will keep moving by acting as a Wild.

## FREE SPINS

During Free Spins, the global multiplier will never reset, and all winnings will be multiplied by the global multiplier on the screen. The global multiplier is summed up with multipliers of any additional expanded Wilds occurring in the same free spins round.

During Free Spins, landing any kind of Wilds triggers Walking Wild Respins as in the base game.

Moreover, Wild symbols meeting at the same position triggers the Expanded Wild by 3x1, for each free spin.

Triggered Expanded Wild symbols can have x2, x3 and x4 multipliers respectively.

After triggered, Expanded Wilds decrease by 1x1 dimension for each respin until they disappear during free spins. Respin cannot end if there is any Expanded Wild or Walking Wild on the screen.

If the meet results in Celinderella, Expanded Wild with x4 multiplier, it awards an additional +2 free spins.

During Free Spins, having another meeting on an already Expanded Wild renews it to 3x1 dimension again.

## GOLDEN BET

Golden Bet is active during the base game.

Once activated, Golden Bet doubles the chance of triggering Free Spins and increasing the chance of having more Walking Wilds.

Golden Bet costs 2x the total current bet.

## BUY BONUS

Free Spins can be purchased anytime during the base game by clicking on “Buy Free Spins” option.

It costs 80x the total current bet.

8 Free Spins begin with x4 global multiplier when triggered via Buy Free Spins option.

Buy Feature may not be available on all markets.

## TURBO MODE

Play at faster speeds with less repetitive animations and disruptions.
