Winning combinations and payouts are made according to the Paytable. All bet lines and winning combinations in the game are displayed in the Paytable.

The Paytable reflects the current Bet configuration and changes in accordance with the total Bet.

Payouts are based on the total Bet.

AVALANCHE

The Skull of Charon symbols can appear anywhere on the reels or fall down from the rows on top of the reels in the Avalanche in both the Base Game and the Hades Free Spins.

When there are no more winning combinations, each Skull of Charon symbol removes itself and 2-10 random regular symbols from the reels, and then the Avalanche is activated.

If there are not enough eligible symbols to remove, the Skull of Charon Feature will remove all eligible symbols.
