ABOUT THE GAME

Thor Power Coins is a 3x3, 5-line (fixed) game, featuring the Collect feature, Bonus Game, and Power Coins feature.

The theoretical average return to player (RTP) for this game is 94.00%.
The RTP was calculated by simulating 50,000,000,000 rounds of gameplay.

SPECIAL SYMBOLS

The Wild symbol can substitute for all symbols except the Bonus and Collect symbols.

The Bonus symbol only lands on reels 1 and 3.

This symbol can land during the Bonus Game and indicates that the spin of that position yielded no winnings.

COIN COLLECT FEATURE

Any Coin or Jackpot symbol landing together with a Collect symbol in the Base Game activates the Coin Collect feature. The values of all landed Coin and Jackpot symbols are added together and paid out.

BONUS GAME

The Bonus Game starts when there is at least one (1) Bonus or Collect symbol on each reel. Only Bonus and Collect symbols land on the reels during the Bonus Game.

Collect symbols only land on reel 2 and stay on the reels until the end of the Bonus Game.

Payments are indicated on each Bonus symbol in currency: x1, x2, x3, x5, x7, x10, x15 (times) the Bet Value.

Three (3) respins are granted at the beginning of the Bonus Game. Each round that lands a new symbol resets the number of respins to three (3).

The Bonus Game continues until the player runs out of respins.

POWER COINS

Any Bonus symbol landing on the reels during the Base Game grants a chance of triggering the Power Coins Feature. The Power Coins feature adds at least enough Bonus and Collect symbols to activate the Bonus Game.

JACKPOTS

During both the Base Game and the Bonus Game, any Jackpot symbols that land trigger the corresponding jackpot: Mini, Minor, Major, or GRAND.

When there is a collect symbol, the Bonus Game takes into account the values of all Bonus symbols, including Mini, Minor, Major, and GRAND Jackpot symbol values.

All Bonus and Jackpot symbol values are added to the winnings for the spin in the Base Game or Total Win in the Bonus Game.
