## GAME DESCRIPTION

Welcome to the mischievous realm of Devil's Treasures 2, an exciting 5-reel, 3-row video slot with 40 fixed paylines that transports you directly into the little devils' personal vault! The lore suggests these playful fiends have hoarded treasures from the human world and locked them away in their infernal den. Now, you have the chance to outsmart the imps and claim their dazzling wealth. Get ready to spin and see if you can handle the heat!

Look out for the special Devil WILD symbol! The WILD Symbol is your best ally in this underworld adventure. It substitutes for all symbols except the Bonus symbols, helping you forge winning combinations that pay from left to right, starting from the first reel. If it lands, it instantly unlocks and collects all available Bonus prizes currently displayed across all reels, delivering a massive instant reward.

The most valuable rewards lie within the Feature Game, triggered by the Golden Pigs! When the Devil symbol lands in the main game, it throws coins at 1 to 2 Golden Pigs. Each pig has a chance to trigger 6 rounds of the Feature Game. During the Feature Game, the Devil WILD symbol will remain fixed on the grid until the feature ends, increased chances for wins and Bonus collection across subsequent spins. The likelihood of landing Bonus symbols increases during the Feature Game, stacking up your potential prizes. Keep an eye out — you have a chance to retrigger additional spins while the feature is active!

Dive into the fiery fun of Devil's Treasures 2 and challenge the little imps for their gold!
