## CASH COLLECT

All Cash Symbols landed with any kind of *Bandit* symbols are collected.

*Regular Collect Bandit* collects all Cash on the reels. Similarly *Boost and Collect Bandit* first boosts all Cash symbols on the reels and then collects them.

*Multiply and Collect* first selects random Cash symbols on the reels, then multiplies them up to 100x and collect all of them.

## BANDIT METER

In the base game, each landed *Bandit* fills the Bandit Meter and unlocks new features.

The game starts with the "*Regular Collect Bandit*". Landing 2 *Collect Bandits* unlocks "*Double Chance*", allowing Bandits to land on the first reel as well as the last reel. After 3 more *Bandits*, the "*Boost Bandit*" unlocks and can land anywhere on the reels. Another 4 *Bandits* unlock the "*Multiply Bandit*" and "*Scatter Symbol*". *Multiply Bandits* can now land anywhere, and *Scatters* can randomly trigger Free Spins.
